

Whereas motorcyclist deaths occur more frequently than fatalities in passenger vehicles;

Whereas motorcycle awareness is beneficial to all road users and will help decrease motorcycle accidents; and

Whereas the National Highway Traffic Safety Administration promotes Motorcycle Safety Awareness Month to encourage riders to be properly licensed, receive training, wear personal protective equipment, such as helmets, jackets, boots, and gloves, and to remind all riders and motorists to always share the road: Now, therefore, be it

SENATE RESOLUTION 193—SUPPORTING THE DESIGNATION OF THE WEEK OF MAY 2, 2021, AS “CHILDREN’S MENTAL HEALTH AWARENESS WEEK” AND THE DAY OF MAY 9, 2021, AS “CHILDREN’S MENTAL HEALTH AWARENESS DAY”

Mr. KING (for himself, Mr. CORNYN, Ms. SMITH, and Ms. HASSAN) submitted the following resolution; which was referred to the Committee on Health, Education, Labor, and Pensions:

S. RES. 193S

Whereas children in the United States were already experiencing a public health crisis regarding mental and behavioral health before the additional challenges of the coronavirus disease 2019 (COVID-19) pandemic;

Whereas a 2013 report from the Centers for Disease Control and Prevention (CDC) estimated that mental disorders affect between 13 and 20 percent of children in a given year and cost approximately \$247,000,000,000 annually;

Whereas the National Institute of Mental Health estimates that nearly ½ of adolescents aged 13 to 18 years old will experience some form of a mental disorder;

Whereas, in 2019, over 11 percent of children ages 3 to 17 years old received treatment or counseling from a mental health professional, according to the United States Census Bureau;

Whereas suicide is the third leading cause of death for youth ages 10 to 24 years old, and 90 percent of those individuals have an underlying mental illness;

Whereas, during the COVID-19 pandemic, increased isolation and collective trauma have led to an increase in demand for mental health services for children, with the proportion of mental health-related visits to emergency rooms for children increasing from approximately 24 to 31 percent between 2019 and 2020;

Whereas the COVID-19 pandemic has also laid bare the inequities in our mental health delivery system for all populations, and such inequities have disproportionately impacted children and adults who have been exposed to adverse childhood experiences prior to and during the pandemic; and

Whereas the stigma of accessing mental and behavioral health services persisted before the COVID-19 pandemic, and acknowledging this public health crisis and creating awareness as early as possible is as important as ever: Now, therefore, be it

Resolved, That the Senate—

(1) supports the designation of the week of May 2, 2021, as “Children’s Mental Health Awareness Week” and the day of May 9, 2021, as “Children’s Mental Health Awareness Day”;

(2) recognizes the importance of connecting children with appropriate mental and behavioral health services and supports;

(3) seeks to create awareness regarding the additional challenges children and their families have faced during the COVID-19 pandemic due to isolation from family and peers, exposure to traumas, and barriers to mental and behavioral health services and supports;

(4) supports programs and services aimed at expanding access to care, building resiliency, and addressing trauma; and

(5) appreciates and extends its gratitude to family members, friends, educators, mental and behavioral health service providers, and others in their support for children’s mental health and well-being.

SENATE RESOLUTION 194—CELEBRATING THE 149TH ANNIVERSARY OF ARBOR DAY

Mr. KING (for himself, Mr. RISCH, Mrs. SHAHEEN, Mr. BRAUN, Ms. BALDWIN, Mr. CRAPO, Ms. SMITH, Mr. BOOZMAN, Mr. MANCHIN, Ms. COLLINS, Mrs. MURRAY, and Mr. WICKER) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 194

Whereas Arbor Day was founded on April 10, 1872, to recognize the importance of planting trees;

Whereas Arbor Day is a time to recognize the importance of trees and an opportunity for communities to gather and plant for a greener future;

Whereas Arbor Day is observed in all 50 States and across the world;

Whereas participating in Arbor Day activities promotes civic participation and highlights the importance of planting and caring for trees and vegetation;

Whereas such activities provide an opportunity to convey to future generations the value of land and stewardship;

Whereas working forests have contributed to an increase in the number of trees planted in the United States and are sustainably managed, with less than 2 percent of working forests nationally harvested each year;

Whereas a key factor in preventing forest conversion and deforestation is keeping forests productive;

Whereas working forests are a critical part of a nature-based solution to climate change, and by providing a continuous cycle of growing, harvesting, and replanting, active forest management maximizes the ability to sequester and store carbon and improves forest resilience;

Whereas private forests play an important role in conserving at-risk and declining species, and collaborative conservation efforts can benefit species while also helping to keep forests as forests;

Whereas sustainably grown wood can be used in a wide variety of resilient infrastructure and building applications—from traditional timber framing to high-tech bridges to high-rise buildings made of mass timber—

and as a natural, renewable, and biodegradable material, substituting wood for other materials in buildings and bridges could significantly decrease global carbon emissions;

Whereas the Arbor Day Foundation and the Tree City USA program have been committed to greening cities and towns across the country since 1976, and in that time, more than 3,400 communities have made the commitment to becoming a Tree City USA;

Whereas Tree City USA communities are home to more than 143,000,000 people in the United States who are dedicated to core standards of sound urban forestry management and who dedicate resources and time to urban forestry initiatives, which helps make their communities and our country a better place to live;

Whereas National Arbor Day is observed on the last Friday of April each year; and

Whereas April 30, 2021, marks the 149th anniversary of Arbor Day: Now, therefore, be it

Resolved, That the Senate—

(1) recognizes April 30, 2021, as “National Arbor Day”;

(2) celebrates the 149th anniversary of Arbor Day;

(3) supports the goals and ideals of National Arbor Day; and

(4) encourages the people of United States to participate in National Arbor Day activities.

SENATE RESOLUTION 195—RECOGNIZING THE 50TH ANNIVERSARY OF THE MCCLELLAN-KERR ARKANSAS RIVER NAVIGATION SYSTEM

Mr. INHOFE (for himself, Mr. LANKFORD, Mr. BOOZMAN, and Mr. COTTON) submitted the following resolution; which was referred to the Committee on Environment and Public Works:

S. RES. 195

Whereas June 5, 2021, marks the 50th anniversary of the McClellan-Kerr Arkansas River Navigation System (referred to in this preamble as “MKARNS”);

Whereas, in the Rivers and Harbors Act of 1946 (Public Law 79-525), Congress authorized the Army Corps of Engineers (commonly referred to as the “Corps”) to undertake comprehensive improvements on the Arkansas and Verdigris Rivers, which served as the foundation of the MKARNS;

Whereas the MKARNS opened for full use in December 1970, which, after over 20 years and \$1,200,000,000, was the largest civil works project undertaken by the Corps at the time;

Whereas President Richard M. Nixon officially dedicated the MKARNS on June 5, 1971, at a ceremony at the Tulsa Port of Catoosa, Oklahoma;

Whereas the MKARNS is named for United States Senator John L. McClellan of Arkansas and former Oklahoma Governor and United States Senator Robert S. Kerr of Oklahoma, who advocated for the creation of an expansive, inland waterway system;

Whereas the MKARNS is 445 river miles long, with 18 locks and dams, spans from Catoosa, Oklahoma, to the Mississippi River, and serves commerce from a 12-State region consisting of Oklahoma, Arkansas, Kansas, Texas, Colorado, Montana, Nebraska, Minnesota, South Dakota, North Dakota, Missouri, and Idaho;

Whereas the MKARNS provides year-round, accessible inland waterway transportation to 5 public ports, 50 private port terminals, and over 90 industries;

Whereas, on an annual basis, the MKARNS provides for \$8,500,000,000 in sales impacts,

\$1,600,000,000 in transportation cost savings, and \$289,000,000 in business taxes;

Whereas the MKARNS contributes to 56,000 full- and part-time jobs, and 20 percent of all jobs in the United States are linked to waterborne commerce supported by the inland waterway system;

Whereas, on average, 11,000,000 tons of commodities with a value upwards of \$4,000,000,000 travels on the MKARNS annually, with sand, gravel, rock, chemical fertilizer, iron, and steel accounting for nearly 60 percent of all waterborne commerce;

Whereas there are 4 designated Foreign-Trade Zones along the navigation system at the public ports at Catoosa, Muskogee, Little Rock, and Pine Bluff;

Whereas the MKARNS allows for the lowest-cost and most environmentally friendly method of moving goods, with 1 barge transporting the equivalent of 15 jumbo railcars and 60 large semi-trailers;

Whereas, in 2015, the Corps upgraded the classification of the MKARNS from "Connector" to "Corridor" on the National Marine Highway, designated the MKARNS as a high-use waterway system, and labeled the MKARNS as Marine Highway 40;

Whereas Congress authorized multiple uses for the MKARNS, including navigation, flood control, hydropower, recreation, water supply, and wildlife conservation;

Whereas, through the end of 2020, Arkansas River Basin projects, including the MKARNS, are estimated to have cumulatively prevented nearly \$16,000,000,000 in flood damages in the Arkansas River Basin region;

Whereas there are 15 hydropower plants on the MKARNS which provide low-cost power to 7,000,000 people and produce 2,500,000 kilowatt-hours per year;

Whereas inland waterways provide many recreational opportunities, such as fishing, boating, and hiking, and over 4,000 recreational vessels lock through the MKARNS and 5,400,000 people visit Corps-operated recreation areas along the MKARNS annually;

Whereas modernization of the MKARNS will empower future economic development, promote freight mobility, expand agricultural exports and oil and gas development, and relieve congestion on our roads and bridges;

Whereas the increased backlog in critical maintenance causes the economic uncertainty of complete navigation disruption on the MKARNS, which would cost beneficiaries up to \$2,000,000 per day;

Whereas Congress authorized the MKARNS to be deepened to 12 feet in 2003, and approximately 90 percent of the MKARNS is already 12-feet deep;

Whereas the capacity of each barge could be increased by 200 tons for each additional foot of draft, increasing the overall freight capacity of the MKARNS by 40 percent and resulting in over \$250,000,000 in increased business sales annually; and

Whereas Oklahoma, Arkansas, the surrounding region, and the entire Nation have benefitted, and will continue to benefit, greatly from the MKARNS: Now, therefore, be it

Resolved, That the Senate—

(1) honors 2021 as the 50th anniversary of the McClellan-Kerr Arkansas River Navigation System;

(2) recognizes that investments in inland waterway navigation infrastructure are an investment in the long-term strength and security of the United States economy; and

(3) commits to completing the deepening of the McClellan-Kerr Arkansas River Navigation System from 9 feet to 12 feet.
